WHAT TO *expect*

Following your initial enquiry, we will send you a personalised quotation with all pricing, booking and briefing info.

If you wish, you are welcome to a complimentary telephone or Zoom consultation prior to booking. Your date can be secured by completion of our booking form and payment of a £50 booking fee, which is deducted from your running total. From there, we will look to get your trial booked in for within the 3 month window before your big day.

Ahead of the wedding date, we will send you a schedule so that you can visualise how your wedding morning will unfold. You will also receive a helpful guide on how to prepare for your hair and make-up slot. We are your friends and allies in the run up to your wedding and on the big day itself and are often on hand with drinking straws, mints, Hollywood tape, tissues, a sewing kit and always a fun, yet calming presence.

We feel so privileged to be a part of our brides' journeys, many of whom become friends for years to come.

TRIALS

What to expect...

A trial is essential for the bride and optional for bridal party. Our trials are unhurried - we recommend you allow up to three hours for hair and make-up (up to 2 hours for hair OR make-up).

Because Claire and Emma are also fully qualified Tutors in the Hair & Beauty industry, all trials take place in the spacious salons at East Sussex College, Eastbourne Campus (unless otherwise arranged). There is plenty of free parking on-site. Beauty Ninjas actively collaborates with the college to provide work experience opportunities for the next generation of Hair & Makeup Artists, so whilst one or two students may well be on hand to assist, your trial will take place in private with Claire, Emma and / or Kelly.

We will create your look together, make any necessary tweaks and take some incredible photos for you to keep. We will record all products used and discuss any hair / skin care recommendations. Trials are very much a two-way process, so we encourage you to give honest feedback so that we can get your finished look perfect for you.

TRIAL

Preparation

- Please advise in advance if you or any members of your bridal party have any known allergies, sensitivities or skin conditions.
- Please send your hair and make-up inspo ahead of the trial
- If you are planning to wear any accessories (head-piece, veil etc), please have these available during your trial.
- Aim to wear a strappy / off-the-shoulder top (in a similar colour to your dress) to your trial, as this will give the best idea of how your hair will look with your dress. We will also be able to capture some really beautiful images for you to keep.
- We are happy to advise on clip-in hair extensions ahead of your trial, if you would like to use these. Please ask.
- Ideally, you should wash and dry (but do not straighten) your hair the night before your trial and wedding day.
- Trials are optional for bridal party. Most don't, in which case we ask that you send headshots and inspo in advance of the big day.
- We will send you a more detailed briefing ahead of the trial.

PRE-WEDDING DAY

Tips

- • We'll send you a schedule ahead of the day outlining to read and share with your bridal party
 - • If your lips are prone to dryness / cracking, please use lip balm regularly
 - • Cleanse make-up away thoroughly every night (avoiding wipes where possible)
 - • Exfoliate at least once per week using a gentle exfoliant
 - • Use a daily moisturiser suitable for your skin type
 - • Keep your brows tidy
 - • Keep hydrated, ensuring you drink plenty of plain water
- • Aim to get plenty of sleep in the run-up and night before. A relaxing bubble-bath with some lavender oil and scented pillow spray really can help.

Ready for your close-up

Claire says: For me, clean beauty is all about rejecting big brands and making your own all-natural products. These cost a fraction of the price of store-bought examples and are guaranteed to be free from any nasties.

For example, you can make your own all-natural multi-tasking cleanser by mixing half olive oil and half castor oil in a small glass bottle. At night-time, massage the mixture all over your face and neck. Next, take a hot, wet flannel and place over the area for 30 seconds. Rinse and repeat, then wipe your face to remove all traces of make-up (this little trick will even tackle waterproof mascara!).

In the morning, don't repeat; simply splash your face with cold water. I once worked on a wedding where we mistook the mother of the bride for a bridesmaid. Her skin was so youthful and glowing! As a beauty pro, of course the first question I asked her was 'what's your secret?' She replied that her grandfather, who maintained lifelong fabulous skin, swore by a splash of cold water to the face in the morning. You can't get cleaner than that can you?
